WE CARE

Services For
Residential Customers

A Public Benefits Program
brought to you by

www.riversidepublicutilities.com

WHAT IS WE CARE?

WE CARE is a public benefit program that assists low-income, disabled and senior households by providing a free in-home weatherization service to help save money on utility bills.

WE CARE’s free weatherization service may include the provision and installation of the following free conservation measures:

- Weather stripping around a maximum of two entry doors and four exterior windows
- Door sweeps for two entry doors
- Water-saving showerheads for no more than every shower in the house

Participating homes are inspected for energy and water efficiency by our friendly and knowledgeable WE CARE surveyors. Only those materials needed by the home to increase its efficiency are installed.

WHAT DOES WE CARE PROVIDE?

- Free weatherization and conservation materials
- Free conservation tips

WHO SHOULD SIGN UP?

There are two ways for Riverside Public Utilities customers to qualify for WE CARE:

- A full-time resident of your household is a senior citizen
- A full-time resident of your household is disabled

WHAT ARE THE BENEFITS?

Weatherizing your home has many benefits. When the weather outside your home is either too hot or too cold, it can affect the temperature inside your home. Keeping the temperature inside your home at a comfortable level through heating or cooling costs money. Weatherizing helps reduce your heating and cooling costs by protecting the inside of your home from the outside temperature. Other conservation measures and devices may also help reduce your household’s electric and water consumption.

WE CARE CAN HELP YOU:

- Reduce heating and cooling costs
- Lower water and electric consumption
- Conserve water and energy resources
- Save money on your utility bills

PROGRAM APPLICATION

Yes, I’m interested in participating in the WE CARE PROGRAM.

Complete and return with your payment or mail it separately to Riverside Public Utilities.
